Connect Four

Strategy • 2 players • AI supported

Game Description

Connect Four is a classic strategy game where players take turns dropping colored discs into a vertical grid. The objective is to be the first to form a horizontal, vertical, or diagonal line of four of your own discs.

This timeless game combines simple rules with deep strategic thinking, making it perfect for players of all ages and skill levels.

RulesAchievementsStats

Game Rules

- Players take turns dropping discs into columns.
- The goal is to connect four discs in a row horizontally, vertically, or diagonally.
- Discs fall to the lowest available space in the chosen column.
- The first player to achieve four in a row wins the game.
- If the board fills up without a winner, the game is a draw.

This text is also used as a knowledge source for the chatbot (RAG)

Responsive Behavior Notes:

Tablet: Two columns remain side-by-side but narrower. Tabs stay horizontal.

Mobile: Columns stack vertically - game image/title, then start panel, then description, then tabs.

Help & Chatbot Demo

Learn how to use BanditBot to get help with rules, platform features, and strategies.

What can BanditBot do?

Explain rules for any supported game (Connect Four, Chess, Checkers, etc.)

Help you understand how to use the platform (lobby, friends, achievements)

Give simple strategic tips for educational purposes

How to use the chatbot

1

Click the chatbot bubble
Look for the circular button in the bottom-right corner of any page.

2

Type your question
For example: "How do I win in Connect Four?" or "What are achievements?"

3

Read the answer
BanditBot will respond with helpful information and suggest follow-up questions.

Example questions

 "What are the rules of Connect Four?"

 "How does the lobby work?"

 "What do achievements mean?"

 "Can you give me a strategy tip for Chess?"

 "How do I add friends?"

How do I improve my Connect Four strategy?

BanditBot • 2:35 PM

Great question! Here are key Connect Four strategies: 1) Control the center column, 2) Look for multiple winning opportunities, 3) Block opponent threats. Would you like me to explain any of these in detail?
